

# HOW TO RECYCLE in Venice

Before you recycle in Venice, **waste is separated** into plastic, cans and glass on one side and paper, cardboard and tetrapak on the other. Unsorted waste belongs in a third section.

**It's forbidden to throw trash on the street.** You can take it to the waste disposal boats that are moored on the canals from 6.30 AM till 8.30 AM. Otherwise you can hand it to the dustman who makes door-to-door stops from 8.30 AM to 12 PM.

For further information on the boats' schedule and pickup spots or to learn more about recycling, **download the app "Scoasse" or visit [gruppoveritas.it/how-to-recycle](http://gruppoveritas.it/how-to-recycle)**
